## CONTITECH

**ContiTech Beattie Ltd recognises the importance of balancing human interests, environmental concerns and corporate interests.**

**Environment, Safety, Security, Health and Fire Protection (ESH) are essential elements of our corporate culture.**

ContiTech Beattie Ltd is recognised as a world leader in the design, manufacture and supply of flexible hoses, couplings and fluid transfer systems to the Oil and Gas Industry. The company, which is now a wholly owned subsidiary of Continental AG, began trading over 45 years ago, and has world class manufacturing facilities at its Ashington headquarters.

ContiTech Beattie Ltd is committed to a process of continual ESH performance improvement, preventing injury and ill health and preserving the environment in which we operate and live. In order to achieve this commitment we shall maintain accreditation of our ESH management system that meets the requirements of both OHSAS18001:2007 and ISO14001:2004.

The company is committed to conduct all operations in a manner that:

- ▶ Complies with all relevant laws, regulations and policies while anticipating the implications of forthcoming legislation.
- ▶ Provides a framework for setting and reviewing ESH objectives and targets
- ▶ Includes our contracted partners, suppliers and customers in our ESH activities.
- ▶ Trains, informs, and motivates our employees to behave safely and with concern for the environment.
- ▶ Prevents pollution and conserves our resources by reducing the consumption of energy, water and raw materials.
- ▶ Ensures open communication with the public, with authorities and with organisations regarding ESH planning and activities.
